

# TurtleSkin® Body Armor

## BladeTec T

### ***New! Concealable Cut and Slash Protection***

Introducing a breathable, comfortable, thin layer of clothing that will protect you from the threat of blade edges and sharp cuts. Designed for the most demanding and high-risk work environments, this shirt has been rigorously tested against real-world threats. The TurtleSkin BladeTec T is lightweight and concealable, and can be worn by itself or under another garment. It is the ideal solution that the protection and security market has been waiting for.

**Long Sleeve**

**Sleeveless**

### **Garment Design**

- Concealable – wear alone or under a shirt
- Comfortable, breathable, and lightweight knit
- Soft, polyester-reinforced neck, arm, and wrists
- Choose sleeveless, long sleeve, or sleeve only
- Available in S, M, L, XL sizes (unisex)
- Machine Washable

### **Highest Blade Resistance – over 80 Newtons**

The TurtleSkin BladeTec T has been tested to successfully repel a standard utility knife blade at over 80 newtons on test apparatus designed to UK's Home Office Scientific Development Branch (HOSDB) specifications. HOSDB has determined that 80 newtons is the blade attack force a human can deliver with a knife. This exceptional blade resistance is required to pass HOSDB's Blade test standard UK Police Publication 48/0. Certification by HOSDB of these garments is pending.
